DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8.

ADA, OKLAHOMA FRIDAY EVENING, MAY 19, 1911

NUMBER 38.

## NOTICE TO THE TRADING PUBLIC

We will, on Saturday, May 20th, open for business our General Merchandise Store in the building west of the Ada National Bank, and will convince the discriminating buyer that we are in a position to quote prices that will not be met by competitors. While our stock is not complete in every detail as yet, there being large consignments of goods enroute, we have in stock now about \$20,000 worth of good dependable Dry Goods, Notions, Ladies' and Gent's Furnishing Goods, bought at 50c on the dollar which enables us to sell at less than wholesale cost and still make a profit. Within a few days we will open our grocery department which we expect to make the most complete and up-to-date grocery store in the city. In this department, as well as throughout our immense stock, we expect to make a specialty of High Values and Low prices. Call on us and let us show you our goods, tell you how much we want your trade, and how we are going to try to get it. Very respectfully.

### LATE GOSSIP IN WASHINGTON

Washington, D. C., May 19.—The political millers in the national capital are grinding very slowly and it is not certain whether the result is exceeding fine or not.

**Reciprocity and Insurgency.**  
Reciprocity has just about killed insurgency and if the farmers' threats are executed it may kill politically the present occupant of the white house. The farmers believe that Mr. Taft has abandoned the farmers so far as protection is concerned. The farmers say protect everybody or protect nobody. The democrats are

deriving a great deal of satisfaction from the embarrassing dilemma in which the president has led his party. The democrats do not believe in protection for anybody and they wonder at the president's invidious discrimination against the farmer. A big delegation of farms from the northwest were in the city last week and they swear by all the gods at once that they prefer tariff for revenue democrats to those republicans who play hide and seek with the tariff to help the manufacturer on the one hand and hurt the farmer on the other, and they also swear by the great horn spoon that if protection is taken away from them that they will help the democrats take power away from the G. O. P.

**Payments Extended on the East Side.**  
Several weeks ago Senator Gore

requested the secretary of the interior to postpone the payments due June 1st on the unallotted Indian lands which were sold in the eastern part of the state last winter. He received a letter from the secretary several days ago assuring him that this request had been complied with and that the postponement of the payments had been ordered by him. This will relieve the farmers of paying out a large sum of money on June 1st when money is scarce and will enable them to make the payment Dec. 1st when money is more available and will help thousands of farmers on the east side.

**Farmers' Free List Bill Passes House**  
The farmers' free list bill passed the democratic house by a large majority. Every democrat voted for it, 23 republicans and the one socialist.

Of the Oklahoma congressmen, Morgan voted for it and McGuire voted against it. This places on the free list all kinds of farming implements, leather goods, boots and shoes, lumber of all kinds, salt and many other articles of prime necessity to the farmer and the consumers generally. It is probable that this measure, however, will be killed in the republican senate. The democrats wish to take the tax off of what the farmer buys and not merely off of what he sells, but the republicans seem disposed to take the tariff off of what he sells only and leave the tariff on what he buys.

It seems that Roosevelt will have to rewrite his book called "The Winning of the West," and in the next edition Woodrow Wilson will figure as the hero, if the changing sentiments in his favor now taking place in the capital reflects a similar change throughout the country.

Prof. C. W. Birles left this afternoon for Konawa, where he will deliver the principal address at the commencement exercises of the high school this evening.

### PEACE IN PROSPECT

LEADERS OF BOTH SIDES ELATED OVER PROSPECT OF EARLY SETTLEMENT.

City of Mexico, May 18.—It is semi-officially stated that the retirement of Diaz from the presidency will take place May 24 or 25.

Vice President Corral's resignation will be sent by cable and will be attested by the Mexican Minister in Spain.

Juarez, Mex., May 18.—Provisional President Francisco I. Madero's announcement today that he would leave for the City of Mexico within two days to participate in a reconstruction of the federal government, was the signal tonight for a general exodus of political chiefs, go-betweens and others who feel that the scene of peace negotiations is about to be shifted to the capital city.

Peace agreements, official concessions and the machinery of the provisional government have been temporarily swept aside by the anticipation that Senor Madero will quietly arrange with the federal government a lasting peace and political emancipation.

**For Provisional Governors.**

Judge Carbajal will leave here tomorrow. Already the Provisional governors who expect to be retained in that capacity through the official reorganization of elections of the legislatures of the five states—Chihuahua, Sonora, Zacatecas, Coahuila and Sinaloa—are preparing to leave tomorrow for the state capitals, there to await instructions from the City of Mexico as to the time for their assumption of gubernatorial togs.

**Judge Carbajal Elated.**

Judge Carbajal is elated, because he thinks it will be unnecessary to sign any peace agreement. Senor Madero also is elated. Anticipation, eager and joyous, beamed in his face as he walked up and down the "east room" of his "white house," his eyes sparkling and his fingers nervously sharpening the point of his goatee.

**Madero Is Confident.**

"Peace, peace," he repeated slowly as he meditated on the fruits of the advisory powers offered him which, he believes, when digested, will mean his rise to a presidential zenith.

"Peace is bound to come. I am going to work very hard. Our demands are well known. We want merely what is reasonable, but we must be guaranteed these things. I am glad I shall be able to effect these guarantees by personal activity."

**Provisional Cabinet Meets.**

The members of the Provisional

### REFRIGERATORS EASY PAYMENTS SMITH 203-5 W. Main St.

Cabinet gathered at the long table of the Cabinet room talking rapidly about the dispatches of last night. They dived for reasons, but stopped short, unanimously declaring that the government had quietly surrendered with the hope of making Mexico a model country. Not a few of the leaders, after the first wave of joy had subsided, began to wonder about the exact procedure which is to effect peace.

**Wants Some Understanding.**

Dr. Vasquez Gomez admitted there was much thinking to be done before a modus operandi could be decided upon. He declared peace, of course, is practically in effect now but he thought some kind of an unofficial understanding by telegraph or otherwise should be established with the Mexican government, before the departure of the rebel leaders. He realizes that such things as a cabinet reorganization, the placing of governors in power and other details concerning the reconstruction of the federal government can not be written into any agreement. Senor de la Barra can not officially promise to name any one to his cabinet.

Prof. M. L. Perkins went to Sasakwa this afternoon in response to an invitation to deliver the address at the close of the public school.

### U. C. V. ORGANIZATION IS IN GOOD SHAPE

That the United Confederate veterans is a healthy and prosperous organization in spite of the years of its members and the constant depletion of the ranks by death is shown by the annual report of Adjutant-General William E. Mickle of New Orleans to General George W. Gordon, commander-in-chief.

The total number of camps shows a slight decrease, as was to be expected, the total on the roster numbering 1,183 against 1,196 last year. Twenty-five new camps were chartered during the past year and forty-seven were dropped for non-payment of dues.

General Mickle states that a number of camps have died simply from lack of material to keep them alive, showing that the veterans are rapidly passing away. A number in a dormant state have been revived.

**Georgia Leads.**

One cause for the excellent showing is said to be that the officers seem more interested in the work. The activities in this line is said to be true of all sections of the country, but Georgia holds the record. Under the leadership of the commander of that division, General John H. Martin more new camps have been organized and more "slumbering camps" have been revived than elsewhere.

Oklahoma has held her own with sixty camps the same as the last report. Three have been dropped but three others have been added.

The distinguished members who have died since the last report are reported as follows:

Brig.-Gen. E. P. Alexander, C. S. A.;

Brig.-Gen. Geo. D. Johnson, C. S. A.;  
Brig.-Gen. Wm. L. Cabell, C. S. A.;  
and Lieut. Gen. commanding Trans-Mississippi Department, U. C. V., from its formation; Brig.-Gen. Pinckney D. Bowles, C. S. A., and the following members of the staff of the commander-in-chief—Brig.-Gen. Page M. Baker, Col. John W. Daniel, Col. F. A. Hervey, Col. Wm. H. Johnston, Col. E. L. Russell.

Diaz and Madero have signed a  
treaty of peace, but the next question  
to be settled is whether or not they  
can deliver the goods.

The state game warden says that  
he is going after fish dynamiters with

been rigidly enforced and the  
streams have been badly depleted of  
their funny inhabitants in conse-

the next two years. Ada should try to  
get in on this deal and have a branch  
from Allen or Steadman run into the  
county seat. It is our best chance  
for a fourth line of road and would  
make Ada a real railroad center.

Arizona and New Mexico are up  
against it in their fight for statehood.  
The democrats in congress don't like  
the constitution of New Mexico be-  
cause it was so drawn by a standpat  
convention as to be almost impris-  
sible of amendment, and the republi-  
cans have no use for the Arizona  
constitution because it provides for  
the recall. The democrats control the  
lower house and the republicans the  
senate, so there you are.

### Guard Your Ideals.

How true it is that without a vis-  
ion the people perish, says Orison  
Sweet Marden, where the pursuits  
are sordid, where the highest aim is  
the all-absorbing ambition to make  
money, everything that is finest,  
cleanest and most beautiful in life  
evaporate; the nature coarsens. This  
is the threatening future of Ameri-  
can character today.

The vast resources and great com-  
mercial prizes of this country are  
so tempting, so fascinating that by  
the time they are ready for active  
life our youth are so saturated with  
commercialism, so ambitious to coin  
every bit of their ability, their edu-  
cation, their influence, their friend-  
ships, almost everything into dollars,  
that all else is neglected.  
They lose their ideals, which are  
the true test of character.

One of the county officials that is  
making good with all classes of peo-  
ple is Judge Conway O. Barton. His  
ruling in regard to jurors and wit-  
nesses being on time has caused  
some grumbling, but in the main it  
appeals to all as the proper thing  
to do. It enables the judge to get  
through with the cases with the min-  
imum of expense to the county.  
Whenever you save the taxpayer some  
money, you affect his most vital and  
vulnerable point. You get next to  
him. That is what Judge Conway O.  
Barton has done. Besides in his court  
all look alike. There is no favoritism  
shown, and a juror has to have a  
good excuse indeed to be excused  
from service. The editor of the Eagle  
did not support Judge Barton in the  
primary. But we know a good offi-  
cial when we see one. Judge Barton  
has made good.—Roff Eagle.

While they are revising the Ten  
Commandments, we suggest the fol-  
lowing new one be added: "Thou  
shalt not tell the bill collector that  
thou will come around tomorrow, nor  
shalt thou contract a debt unless  
thou knowest thou will be able to  
pay it when due."—Wapanucka Press.

The Atoka Citizen-Democrat states  
that the commercial club of Atoka  
will provide free transportation to  
any knocker in that town who will  
promise to emigrate to other fields.  
Other towns would probably be will-  
ing to do the same thing if the knock-  
ers could be induced to go.

A good way to make friends fast  
is to be liberal in loaning your mon-  
ey and your credit. You make the  
friends, but they do not hold.—Wap-  
anucka Press.

It is also sure to make enemies.  
The bigger the security debt you pay  
for a man or the more you let him  
skin you out of, the more bitter be-  
comes his enmity for you.

**LaFollette After Lorimer's Sculp.**  
Washington, May 19.—Senator La-  
Follette gave notice in the senate  
today that on Monday he would call  
up for consideration the resolution  
to appoint a special committee of five  
to investigate the election of Sena-  
tor Lorimer. The resolution having  
been reported back favorably from  
the committee on contingent funds,  
which considered only the matter of  
expense involved, is up on the table  
awaiting the action of the senate.

Senator LaFollette will ask that  
it be passed without reference to  
previous investigations. The friends  
of Senator Lorimer will endeavor to  
commit the resolution to the commit-  
tee which, as organized contains a  
majority in his favor.

In view of the action of the in-  
vestigating committee of the Illinois  
legislature yesterday in reporting  
adversely upon Lorimer's case, Sen-  
ator LaFollette will urge immediate  
action without consideration by the  
committee on privileges and election.  
This follows the passage of a res-  
olution by the senate of the Illinois  
legislature today which declares Sen-  
ator Lorimer was elected by bribery  
and passes the matter up to the U.  
S. senate.

**Notice to Water Consumers.**  
No consumer will be allowed to  
use city water for anything except  
domestic purposes. Any one caught  
sprinkling lawns, gardens, or using  
water for any other purpose than the  
above mentioned will be cut off.

**DIDN'T REMEMBER HIS NAME**  
Quer instance of "Stage Fright" at  
the General Delivery Window on  
Sunday Morning.

"Many people get stage fright at  
the general delivery window," said a  
post office clerk. "It is particularly  
likely to catch them on Sunday morn-  
ing, when a big crowd is lined up  
waiting for mail. Most always they  
recover in time to give their name and  
address, but once in a while a man  
suffers such a severe attack of mo-  
mentary aphasia that he has to step  
aside long enough to remember who  
he is."

"A queer incident of this kind took  
place at this window not many Sun-  
days ago. The usual Sunday morning  
crowd was on hand. In the line was  
a man who was struck with the worst  
kind of stage fright the minute he ap-  
proached the window. It is the cus-  
tom for every applicant to sling out  
his name without being asked, but  
that man's mind had suddenly become  
such a blank that he had no more  
idea what he wanted to say than if he  
had never been christened. At a  
busy time like that a clerk has no  
time to waste on imbeciles, so I asked  
him to step aside and give the rest of  
the folks a chance. Before he could  
make a move the man directly behind  
him sang out a name and address over  
his shoulder. The man's stage fright  
vanished instantly.

"That's my name," he said. "How  
on earth did you know it?" I never  
saw you before."

"But I have seen you," said the  
other man. "I have just moved into  
the apartment house where you live.  
I found out from the janitor who you  
are. I wanted to know because it is  
your dog that howls half the night."

"So even that victim of stage fright  
got his mail, but that was an excep-  
tional case."

### RETURN OF THE PILGRIMS

Interesting Ceremonial When the Es-  
cort of the Sacred Carpet Gets  
Back to Cairo.

Yesterday morning, writes the Cairo  
correspondent of the Queen, was de-  
voted to watching the ceremonial re-  
turn of the Mahmal and its attendant  
escort of soldiers and pilgrims from  
Mecca. The sacred pilgrims from  
Mecca, which is the annual tribute from  
which journeyed to Mecca with  
the pilgrims, has now taken its place  
as the covering of the Kaaba, while  
that which it replaced has already been  
divided as valuable mementos among  
the faithful.

The ceremony of the return of the  
pilgrims as that of their departure is  
celebrated in the great Place Mohammed  
All, below the ramparts of the citadel,  
the square being outlined with Egyp-  
tian troops. The khedive was present  
of course yesterday with all his minis-  
ters and staff, and many of the Euro-  
pean notables and a tremendous con-  
course of less important spectators  
were present to view the ceremony.

The departure of the Mahmal took  
place so early in the morning that but  
few visitors were in the place to wit-  
ness it, and so the Mohammedan calen-  
dars, before long this interesting an-  
nual event will be relegated to the  
days of the early autumn, whereas the  
European element will be deprived of  
one of the few remaining purely Egyp-  
tian festivals. Statistics from Mecca  
this year state the number of pilgrims  
at the enormous figure of 90,061, out  
of which Egypt accounted for no less  
than 15,819.

### Doing Your Own Papering.

In preparing the paper for hanging,  
first trim off all white edges which  
might show afterward. Then spread  
the paste on the paper, very evenly, to  
avoid the danger of irregular drying  
and later spotty effects. Regulate the  
temperature of the room so that the  
paper will dry within one hour after  
hanging.

The following method of estimating  
the number of rolls of paper may be of  
help. This estimate holds good for  
rooms of from seven to nine feet in  
height. Measure the number of yards  
around the room, and multiply this by  
two. The resultant figure represents  
the number of full-length strips. For  
each ordinary sized window and door  
allow two strips each. Subtract this  
from the first figure, and divide by five.  
This will give you the number of dou-  
ble rolls required. This estimate makes  
allowance enough so that the trim-  
mings fill in odd places.—Country Life  
in America.

### Fashion a Necessity.

The women of the West Indies have  
been wearing the hobble skirt for  
years and are apt to wear it for years  
to come. The hobble may have origi-  
nated with these women of the  
tropics, but they probably care little  
for the credit, as their hobble is more  
of a necessity than a fashion decree.  
They wear a bell anywhere between  
the shoulders and the hips, and the  
tight hobble cord is placed just below  
the knees. They are often forced to  
walk through long, wet grass and  
ford streams, and when occasion de-  
mands it the skirts are pulled up and  
the hobble cord holds them in place.  
Every native woman wears a hobble,  
but she calls it a "grazito."

In Proportion.  
Wife—I want a cap, please, for my  
husband.  
Shopkeeper—Yes, madam. What  
size does he wear?  
Wife—Well, I really forget. His  
collars are size 16; though I expect  
he'd want about size 18 or 20 for a  
cap.

He is content to do without the patronage of the

### CAMPBELL TO SECURE

GAME FROM FAR NORTH

Oklahoma City, May 19.—W. H. L.  
Campbell, clerk of the supreme court  
is preparing for a long hunting trip  
into the northwestern part of Cana-  
da. He will probably leave in July  
and be gone for two or three months.  
While his trip primarily is one of  
pleasure, he will represent the state  
and will be commissioned by the  
state game warden to investigate the  
annual report of the department. He  
will be instructed to secure samples  
of game which he believes will flour-  
ish in this state to be sent to the  
state propagating farms. He will have  
only one companion, but every day  
will be given up to hunting, fishing  
and trapping and it is believed the  
trip will be a successful one in many  
ways.

Campbell has not decided just how  
far north he will push, but he hopes  
to get a good idea of all the game  
that abounds in that portion of the  
continent.

### Ball Movement in Colton Market.

New Orleans, May 19.—Frank B.  
Hayne, the bull cotton leader, yester-  
day stated that there is not enough  
cotton to go around and that the  
price will go higher. Hayne caused  
excitement in the New Orleans ex-  
change yesterday by offering to buy  
200,000 bales of May and July at the  
market price and then going one bet-  
ter by offering an eighth of a cent  
higher than the existing quotations  
for all the cotton in the city.

"We know how much cotton we  
will get between now and September  
1," he declared. "There is not  
enough to keep the mills running  
and some of them must close down."

The world needs 27,000,000 bales and  
all it will get will be 22,500,000 bales  
or 4,500,000 short of the amount re-  
quired and what they have used by  
the staple. This is the situation I  
believe cotton will go higher."

J. M. Howell, a popular druggist of  
Greensburg, Ky., says, "We use  
Chamberlain's Cough Remedy in our  
own household and know it is ex-  
cellent." For sale by all dealers.

A. B. Yeager and Otis Weaver left this afternoon for Chickasha to attend the meeting of the state press association. A big ball is scheduled for this evening, and Mr. Mollie Jer-nigan, who will be in Chickasha to attend a meeting of the mission conference, has promised to wire back a full account of the figure cut at the ball by the representatives of the News by way of adding to the interest of tomorrow's society column.

The Big Crowds at Little Rock. Prof. T. W. Robison returned yesterday afternoon from a trip to Little Rock and other points in Arkansas. Like the others who have returned he tells of the enormous crowds that thronged the streets. Although special trains took about 7,000 to Hot Springs for hotel accommodations, there was scarcely standing room in Little Rock. Prof. Robison managed to get a cot one night, but the next night he had to sleep on the ground. Even when a man wanted to leave town it was a hard matter to reach a train on account of the jam of people.

Almost Ready to Drill for Oil. George Washington, associated with W. W. Cummerline in the oil and gas and mineral leases around Roff asks us to state to the public that his company expects to have a rig in this territory by the 15th of June. This company is composed of men living mostly at independence, Kansas, and have a number of leases in the supposed oil and gas territory. Mr. Washington is a stockholder in the company and ought to know about the matter. Mr. Washington looks after the mineral end of the business.—Eagle.

W. H. Moss is reported much better today.

Mrs. T. B. McKown is reported to be still in a critical condition, but hope for her ultimate recovery is still strong.

About 5 o'clock this morning Mrs. Sallie Daggs, aged 56, widow of the late Jno. Daggs, and mother of Char-ley Daggs and Mesdames Geo. Har-ryson and Bennett and sister of W. J. Reed, passed from this life to that beyond. The funeral took place at her home this afternoon at 4:30, after which the remains were laid to rest at Rose-dele cemetery.

Mrs. Daggs was one of the pioneers of this part of the country, coming here twenty-one years ago. She underwent all of the hardships incident to making this a country of happy homes and prosperity. She had a large circle of acquaintances and by these her demise will be mourned. She is survived by six children.

HANDICAPPED This is the Case With Many Ada People.

Too many Ada citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys. Can you doubt Ada evidence? E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to walk. In fact, found it difficult to walk. Dull, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

## Healthy Mothers

The bearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and the healthy woman can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

COURTS OF JUSTICE  
OR OF INJUSTICE

There is a rule of law that courts shall give to a statute the meaning that the framers thereof intended it to have. If laws should be construed as intended by those who wrote them, courts should serve the purpose intended by those who created them.

One of the most glaring failures of the latter proposition as demonstrated in practice, is indicated by certain conditions now existing in Oklahoma as a result of the Hook injunction, issued about a year ago and recently sustained by the circuit court of appeals.

Under the protection of the Hook injunction, Oklahoma railroads are today charging shippers of coal with freight on higher weights than the weight of the shipment at the mines and are collecting such charges. The corporation commission, construing the injunction as applying to the rate prescribed by the commission for the transportation of coal but not to the rule establishing destination weights as the basis for freight charges on coal, is imposing fines for violation of this rule, and is declared by the railroad attorneys to be in contempt of the circuit court in so doing.

The legislature of 1907-8, taking notice of the practice of certain shippers of claiming a shortage in the delivery of coal where the same was due to natural shrinkage in transit, passed a law authorizing railroad companies to add to the destination weight, where the same is less than the weight set out in the bill of lading, not to exceed one per cent for haul of 150 miles or less, and not to exceed one and one-half per cent for longer haul.

As a concrete example, the Kingfisher Ice Company recently received a car of coal weighing at the mines 60,000 pounds. At Kingfisher the car weighed 59,200. The railroad, assuming to act under authority of the statute above referred to, added one and one-half per cent to the destination weight making the car weigh 100,000 pounds, and collected freight on such weight. In other words, the shipper was compelled to pay freight on 700 pounds of coal that never was put into the car.

The firm of Payne & Jamison of Frederick recently bought a car of coal weighing at the mines 64,700 pounds. At Snyder, the last railroad sale reached by the shipment before destination, the shipment weighed something less than 64,000 pounds, assuming to act under the authority of the above statute, the company added one and one-half per cent to its weight and compelled the shipper to pay freight on 65,265 pounds. The shipper was forced to pay freight on 565 pounds of coal that he never bought.

A similar injustice under the same pretended authority, was perpetrated against the firm of C. H. Cannon & Son of Chandler recently, and after complaint had been filed with the corporation commission and hearing held, the Frisco railroad company was fined \$200.00 for contempt of the commission's order. The railroad company now refuses to pay the fine and defies the commission, taking the ground that the order alleged to have been violated was not in force at the time of the hearing or of the shipments in question, the commission having been specifically enjoined and restrained by an order of the circuit court of the United States for the Western District

# NEWBRO'S HERPICIDE

## Delights the Ladies

Because they know from experience that the intelligent use of Herpicide means much to their personal appearance.

It saves and beautifies the hair and in the vast majority of cases, adds greatly to its abundance. The presence of the dandruff germ in the scalp destroys the gloss and beauty of the hair, even before the resulting disease becomes firmly established. Each day that the use of Newbro's Herpicide is put off, makes the repair that much more difficult.

Save your hair while you have hair to save.

The intelligent use of Herpicide proves its actual worth

"I have used Herpicide for several months now and will positively state that it is the best dandruff remover and hair dressing in the world and I have tried about everything sold by our local dealers. Nothing has given such excellent results as Newbro's Herpicide."

MRS. HENRY W. BATHKE,  
Sumner, Iowa.

"Newbro's Herpicide is the best dressing for the hair I ever used. The dandruff is gone and my hair is growing long, thick and beautiful. My husband was getting bald, but since he began to use Herpicide the bare spots are covered with fine hair."

MRS. E. RIKER,

of Oklahoma issued June 7, 1910, from enforcing said order or provisions thereof, and from taking any steps or proceedings to punish the defendant in such case for any violation thereof. This order was the Hook injunction secured by the Frisco Company.

As to the injustice involved in this application of the power of the federal courts, there can be no question. The courts rush to the aid of corporations and save them from alleged taking of their property without process of law, where there is abundant room for argument whether anything in the nature of confiscation exists. This is, technically at least, a proper procedure in protection of the rights of property. But what is the public to think of that sort of justice meted out by our federal courts when they create conditions that shield such corporations against punishment or any accountability for placing their hands in the pockets of private citizens and taking therefrom money for services never performed, and concerning which there can be no possible dispute, as now being done in Oklahoma.

President Taft pleads that the courts be not restricted in their powers; and urges that the people stay the hand that they are reaching out for a larger share in the management of their own affairs.

It will be interesting to know whether Judge Hook regards the imposing of fines by the Corporation Commission in cases like the above

as a contempt of this notorious writ; but in the meantime it is gratifying to note that Oklahoma has some public officials who will not bend the knee before the whip of a court whose justice is hollow mockery.

"Grandfather Clause" Upheld.

Guthrie, Ok., May 19.—The "grandfather clause" enters largely into the decision, handed down yesterday by Judge Milton Brown in the superior court here in deciding the election contest case of S. J. Favors, republican, who seeks to oust James D. Murphy, democrat, from the office of county commissioner from the second district of Logan county. Brown holds that Favors is entitled to the office and that Murphy has no legal title to possession.

Judge Brown, who was elected by the Logan county bar to hear this case, holds the election on Nov. 8, last, legal in all townships and precincts of the Second Commissioner district excepting in Antelope township, which gave to Favors a majority of sixty-three over Murphy. Because the negro voters of that district were required only to read a section of the constitution and not both read and write such section, in accordance with the state supreme court and criminal court of appeals interpretations of the "grandfather clause" Judge Brown holds there was no election in that township. He further holds the returns from Springvale township were forged, sowing 172 votes voted, whereas in fact only seventy-three votes were cast. In his decision Judge Brown cites the fact that during the progress of the trial on the election contest, unknown persons set fire to the sacks of ballots in the vault of the county clerk's office destroying the Springvale township ballots during the night of May 8, last.

Attorneys for Murphy have filed a motion for a rehearing, and if this is not granted they will appeal to the state supreme court.

The condition of Mrs. B. A. Mason is still reported favorable.

A Word of Explanation.

In yesterday's paper was a "bull" which was enough to mortify any editor. Among the last items hung on the hook before going to press were two, one of which had reference to Prof. Pierce's return from the meeting of the county superintendents at Chickasha, and the other to Joe Foster and the work being done by his road crew near Vanoss. In his haste the machine operator set both directly and then becoming tangled up made another item so combining the two that it appeared that Prof. Pierce and the other county superintendents were the ones being worked on the county roads. It happened that proof was not read on these last items and the above mentioned "bull" rose up in the columns of the paper to mock the unsuspecting editor.

It Startled the World.

when the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for burns, boils, scalds, sores, cuts, bruises, sprains, swellings, eczema, chapped hands, fever sores and piles.
